

April 30, 2018

To whom it may concern,

St. Philip School is requesting a waiver for the approval of E-Rate funding for Internet services for the 2018-2019 funding year. St Philips signed a contract with Cox RI Telcom in 2016 for a three year term. We have complied with filling out all necessary 470 and 471 forms from 2016 through 2018 for the Internet services for our school. Although this year we did not fill out the Form 471 in the required window of opportunity on the USAC website for the 2018-2019 school year, we are asking for a waiver as we would not be able to afford the services that are being provided otherwise. Our BEN # is 2788. Our 2017 Form 471 Application # was 171035514 which St. Philip School was in compliance with. Cox is providing Optical Fiber Internet Services including firewall and content filtering services as part of their bundled package for our school. Our Cox Rhode Island Telcom, LLC Account Number is 238-1189781-02. Their SPIN Service Provider Number is 143016764. If you have any questions, please let me know. Thank you very much for your consideration.

Sincerely,

David Annese
